NOTE FOR: Fred Demech
Deputy Executive Director, PFIABFROM : Executive Assistant/Deputy Director of
Central Intelligence

1. John McMahon thought the Board, and Mr. Weiss in particular, might be interested in knowing that the Intelligence Community conducted a "consumer survey" of outgoing Carter Administration officials last year. A copy of the questionnaire is attached. The raw data (20,000 bits) plus responses to follow-up essay questions are now being analyzed. We will provide you a copy of the findings and any resulting recommendations when they are available.

2. I am also sending along a random sample of some feedback we have received from policymakers in case Mr. Weiss might find it of interest.
